**CONFIDENTIAL UNDER PROTECTIVE ORDER**

**[REDACTED VERSION]**

**Certain Redactions Removed 10/12/2021 pursuant to the Protective Order**

- The *Daily Stormer* proclaimed: “Next stop Charlottesville. Final Stop: Auschwitz.”<sup>221</sup>
- On the Saturday of Unite the Right, when marchers were walking past a synagogue in Charlottesville while services were being held inside, their chants were directly linked to the Holocaust.<sup>222</sup> From a description by one of the congregants in the synagogue: “Several times, parades of Nazis passed our building, shouting, ‘There’s the synagogue!’ followed by chants of ‘Sieg Heil’ and other antisemitic language. Some carried flags with swastikas and other Nazi symbols.”<sup>223</sup>
- Richard Spencer’s AltRight.com published an article claiming: “HolocauSt [sic] is designed to make you feel guilty whenever you criticize the Jews. Everyone knows that noticing their subversive tendencies leads directly to Auschwitz.”<sup>224</sup>
- On a podcast David Matthew Parrott laid out a plan to eliminate non-whites by trapping them in an “Artificial Auschwitz” supplying them with video games and addictive substances until they die off in what he calls the “Jewel Quest Genocide.”<sup>225</sup>

[REDACTED] Tyrone, someone who appears to have communicated with Defendants on Discord, posted that "This is a civilization of all conflict. It's not American Genocide, it's White Genocide."<sup>213</sup>

Likewise, Discord servers associated with Defendants also contained posts that explicitly infused a sense of urgency into perceived threats to the dominance of the white race. These posts continued a long WSM cultural history of positioning the fight against perceived enemies as immediately necessary. The IE Server, in which only members of IE were permitted to post<sup>214</sup>, carried such messages, which we believe would have most likely been interpreted as threats to the white race in the WSM culture of Discord. As examples:

"We're 100% in the end times"<sup>215</sup>

"@Rsolobo/Rsolobo#9876: I think so too. Europe is almost lost"<sup>216</sup>

"pedophilia is rampant in upper echelons"<sup>217</sup>

"human sacrifices"<sup>218</sup>

"drinking child blood"<sup>219</sup>

Other Discord users and UTR attendees echoed Defendants' sentiments. For example, a user who went by the Discord handle "Munich" posted: "Hi guys, first big pre-planned [sic] even I'm going to be part of, just wanted to say its going to be a pleasure fighting for the white race alongside all of you."<sup>220</sup> Another Discord user called "Johnny O'Malley" posted on August 11, 2017, "Everyone let's get a good night sleep and remember why we are here To save the white race."<sup>221</sup> Similarly a Discord user called "Gavius Corvus" declared that "We're fighting for the very survival of our race. Everyone needs to ask themselves what they're willing to suffer for their people, because if the answer isn't 'anything' you need to reevaluate your conviction."<sup>222</sup>

The meme below suggests that a true commitment to the WSM as expressed through physical fitness also involves learning about aspects of history related to Nazi Germany and thinking of this past history as a model for the future race war where the white race will "secure" its existence.<sup>223</sup>
